## PERSONAL INFO

As a senior medical student with experience as an Assistant to a Doctor and Social Media and Marketing Director at a private clinic, I have developed a strong foundation in both medical and marketing fields, which uniquely positions me to contribute effectively to your team. My academic background in medicine and my proficiency in English, as evidenced by my C2 Proficient level in the EF SET, have equipped me with the necessary skills to communicate complex medical information clearly and accurately. My experience managing social media and marketing initiatives has honed my ability to engage with diverse audiences, promote health services, and manage patient communications effectively. At the clinic, I have been responsible for patient interactions, scheduling, and assisting with clinical procedures, all while managing the clinic's online presence. This dual role has allowed me to develop a comprehensive understanding of both patient care and the importance of maintaining a professional and engaging online presence for healthcare providers.
